MYOB Advanced People

A cloud payroll solution for bigger business.

MYOB Advanced is a cloud business management platform that's transforming the way bigger Australian and New Zealand businesses work.

At the core of the platform are two product suites Advanced Business and Advanced People. Combine them and you have an integrated ERP and payroll solution where information flows between functions, reducing duplication of effort, manual data entry and provides real-time business insights, it is this efficiency that can take your business productivity to the next level.

MYOB Advanced platform benefits

- + Benefit from the support and expert knowledge of our certified MYOB Advanced partners.
- + Straightforward monthly pricing plans deliver great value.
- + Comprehensive financial and customer management, distribution and project accounting capabilities.
- + Customise, extend and develop to suit your individual needs with flexibility to grow as you do.
- + No hardware to maintain reduces costs.
- + Get access on the go, anywhere, any time.

MYOB Advanced People is very flexible, perfect for complex businesses that require organisation-wide insights to make quick, educated business decisions.

U

Advanced People suite benefits

- + Contemporary fully-featured cloud payroll solution
- Perfect for leading edge businesses wanting to reap all the benefits of working in the cloud.
- + Online tax engine provides peace of mind, as MYOB ensures you always use the latest rates.
- + Pay and entitlement history recorded and easily accessible
- + Enhanced reporting, GL journals, transaction history, audit tracking and more.
- + Powerful configuration options catering to many employee scenarios.
- + Completely secure and can be accessed from anywhere via a browser.
- Can operate as a standalone payroll solution or fully integrated with all Advanced Business (ERP) editions.

Powerful payroll management

Advanced People lets you configure employees with a wide variety of pay items, including multiple wage types and hourly rates. The system is designed to make paying staff easy and provides the ability to automatically proportion item to a pay period.

Employers can track and calculate many leave entitlements across Australia and New Zealand including Annual, Sick & Alternative, Shift Leave, Parental Leave, Personal Leave and Long Service.

Payroll administrators can have greater control by automating workflows, generating GL journals and payment batch files. Advanced People processes a wide variety of employee pay frequencies including weekly, fortnightly and monthly pays. It also allows for the simultaneous processing of multiple pay runs at once.

Distribution of employee payslips has never been easier. With Advanced People, you can print, email or host employee payslips via an employee portal.

Payroll Compliance made easy

Advanced People manages tax (PAYE or PAYG) and compliance updates with minimum fuss thanks to a dynamic online tax engine that MYOB manages. No longer do you need to apply upgrades as Advanced People ensures you are always using of the latest rates.

Employee and employer superannuation contributions across Australia and New Zealand are also easier. Advanced People manages both New Zealand KiwiSaver and non-KiwiSaver superannuation contributions. In Australia all contributions are managed including Super Guarantee and Salary Sacrifice contributions.

Advanced People provides information to users in interactive forms without the need to print information out to paper.

New Zealand employers can quickly view and prepare Employer Monthly Schedule (EMS IR348) and Employer Deductions (IR345) reports and then output the necessary files for the Inland Revenue. Even your liability for New Zealand Accident Compensation Corporation (ACC) or WorkCover within Australia is quickly tracked and monitored. For Australian employers faster preparations for Payroll Tax liability (monthly and annual returns) are possible with correct outputs for all the State Revenue Offices across Australia.

Superior payroll reporting

Want to take your payroll reporting to the next level? Advanced People can help. Key reporting needs are provided by in-form views, removing the need to print and read reports. Information can be further analysed through one touch exporting of data to Microsoft Excel.

For those wanting more, using generic enquiries, users can create and publish personalised dashboards as well as expose the queries to external data sources through OData.

Reduced data entry

Advanced People can operate as a standalone payroll solution or it can fully integrate with all editions of Advanced Business (ERP). Combining both solutions will yield real-time benefits - including enhanced reporting, full GL data transfer, transaction history and audit tracking.

Straightforward monthly pricing plans deliver better value

The MYOB Advanced platform is available for a convenient monthly payment. This makes it easier to plan and manage your business expenses throughout the year.

Flexibility to change with you

You can change your subscription plan to best suit your changing business needs. And with no hardware to maintain, you can enjoy its wide ranging functions without the need for complex and expensive servers or IT hardware.

Easy knowledge and document sharing

Create, edit and share policy and procedure manuals, manage a knowledge base and create news and announcements using the integrated business wiki. You can also control, share and work on your business's frequently updated documents.

Best in-class security

The MYOB Advanced suite is hosted on Amazon Web Services (AWS). MYOB has made a strategic choice to operate MYOB Advanced on the world's leading cloud IT infrastructure provider who provides a high performing, robust and secure application set to make clients' business life easier.

MYOB are committed to protecting our client's data from loss that's why all data is stored across multiple devices in multiple availability zones.

No hardware to maintain reduces costs

MYOB Advanced delivers class-leading functionality and features without the need for your business to pay for and maintain complex and expensive servers or a data centre. All you'll need is a web browser and internet connection to access real time information, wherever and whenever you want.

Business solutions for all shapes and sizes

MYOB has a range of enterprise solutions for bigger businesses. If MYOB Advanced People does not suit your needs, it's likely that we have the right one for you.

Need Business Management Software too?

MYOB Advanced People can be implemented with Advanced Business – a cloud based Enterprise Resource Planning system.

Unifying the two Advanced solutions presents the opportunity to streamline processes with an end-to-end business management system that provides ERP and Payroll functionality in a single system. The benefit is a unified system where information can flow between functions to reduce duplication of effort and manual data entry.
